CHICAGO, NOV. 4.—Francisco J. Ramon, the representative of Chili in Chi-

It will begin the middle of April and continue throughout the summer. It will be an exposition of mining and

the world fail to remove their exhibits to Cullhi that government promises to pay the cost of transportation for the freight, exhibitors, and their workmen both ways. It is said every facil-

power will be furnished free. There is in Santiago a large building suitable for the purpose, and the government has appropriated \$100,000 for defraying

ATLANTA, Ga., Nov. 4.—The Georgia senate Friday killed, by a decisive vote of 19 nays to 12 ayes, the anti-cigarette bill, about which there has been con-

week. The bill, as amended and passed in the house, prohibited the sale of cigarettes in the state, except medicated and cubeb cigarettes, which amendment was put on it to enable its passage.

argued that this virtually nullified the bill, as, under qualifications, sale would practically go as though no legislation had passed. The senate, however, disposed of the whole matter by

Lucania Breaks the Western Record.
NEW YORK, Nov. 4.—The steamer Lucania, from Liverpool to New York, arrived at Sandy Hook at 9:19 Friday afternoon, making the voyage in five

record, held by the Campanian, by twenty minutes. Adelina Patti and Signor Nicolini were among the passengers.

police detectives guard the vault which contains Mayor Harrison's remains day and night, to provide against any act of desecration that might be attempt-

thought best to leave no loop-hole for ghouls to steal the body or commit any act of desecration.

Philadelphia Cloth Mills Closed.

men's woolen goods, women's wear, cloaking, mantling and broadcloth at Eighth and Tasker streets, Third and Monroe streets and Fifteenth and Whelan streets have shut down.

Seigniorage to Be Coined. **WASHINGTON, Nov. 4.**—In accordance with preparatory instructions recently

Mr. Carlish Friday instructed the mints at Philadelphia and New Orleans to coin the seigniorage into standard silver dollars.

CONFUSION

Holds Sway at the Columbian Fair Grounds.

The Places of Interest and Beauty Becoming Dull-Begrimed.

Freight Vehicles of Every Description Go Mutter Shutter Through the Center of the Midway Being Torn Down—Large Buildings to Go Last.

CHICAGO, Nov. 4.—Confusion holds sway at the fair grounds. Dust is free to whirl around the corners and be buffeted through the peristyle to rest in Lake Michigan. Wagons laden with heavy machinery keep up a horrible roar as they head for the gates. Freight vehicles of every description go helter-skelter through the broad avenues. Thousands of men at work with hammers and sledges add to the din. The heretofore sparkling interiors of the palatial buildings are dust-begrimed. The midway is being torn down. In a few more days it will be a mass of debris. In a couple of weeks there will be nothing remaining to remind one of its existence. Within the same period those exhibits that are not immediately outside the gates, the territory for blocks about the fair grounds looks like a deserted village fast tumbling into ruin. Only the substantial merchants remain. The fakers, cheap restaurants and keepers of improvised hotels have moved on and left their tents unfolded. "To rent" signs are all the time before the eye.

The permanent structures that were used for hotels during the exposition are being turned into apartment houses and flats, though some of the better hostilities are yet running on the old system, with a cheaper bill of fare and their price of lodging divided by four. Most of the gates are closed up. Only about a half dozen gate-keepers are employed, and visitors at the pay gate are so scarce that the gate-keeper is surprised each time a paid ticket is handed him.

The Columbian guards are the only employees of the exposition to remain. There are 1,587 of them, and they are all to be retained until December 1, the majority of them will have their trip spring, when the Exposition Co. will relinquish control of the grounds.

It is not yet decided what is to be done with the buildings that are left on demolition is not disposed to be in a hurry, regarding it to the interest of the Exposition Co. to give all the chance. It is probable that most of the buildings will stand until spring.

The national commission is yet holding daily sessions, but is unable to clear up its business because of the absence of a quorum. An effort was made Friday to whip in a number of absentees known to be in the city with out success. The question as to whether the agricultural machines, which did not go into the field for a test, are to be examined is meanwhile being held in abeyance.

For a minute Friday it seemed as if the old days of the exposition had returned. The women, suddenly heard shouts of laughter and all kinds of merry noises proceeding from the terminal station. The place was full of boys. A band began to play, and a procession of youngsters started across the plaza. Six hundred newboys arrived from Detroit.

They came in a special train of twelve coaches over the Michigan Central as the guests of Gen. Russell A. Alger, of Detroit.

A CONFESION

A Tennessee Assassin Tells How He and His Pal Killed a Famous Operator.

CHATTANOOGA, Tenn., Nov. 4.—A few days ago Night Operator Lowery was foully murdered at Shell Mound, Tenn., and two days later two mountaineers named Gen. Kennedy and John Kennedy were arrested by detectives on suspicion. They were put in jail here and at midnight Friday night Gen. Kennedy made full confession. He said the murder was committed for robbery; that he and John had gone several times to rob the depot, intending to chloroform the operator, but the door had always been locked and they could not obtain an entrance. Finally they tried the last time and could not get in until John Kennedy placed his gun to the window and fired. They then climbed in the window and robbed the station and left.

NOTHING BUT GOLD.

A Canadian Mine Which Knocks Out Old Gold.

TORONTO, Ont., Nov. 4.—A. B. Bure, government director of the Bureau of Mines, has just returned from a visit to the mining regions north of Lake Huron. He reports that he has found a mine, near the old village of Bruce Mines, owned by wealthy New York and western capitalists, is the richest in the world. A new mine that has been running a year at this mine is turning out gold at the rate of \$60,000 a month, and the proprietors have piled upon their dump ore valued at millions of dollars. Blue says the rock is yellow with gold, and in every direction there are showings of the mineral.

"World's Fair Grip"

CHICAGO, Nov. 4.—Local physicians say there is nothing dangerous in the new complaint that has been designated the "World's fair grip" and which is not only very prevalent here, but appears by reports to have been carried home by World's fair visitors from different parts of the country. A general languor, severe constriction of the base of the nose and a hacking cough are the principal symptoms. Some physicians regard it as merely a modified form of the old grip, and say that it presents no features that are new to medical science.

SENSATIONAL FIND.

Of a London Workman While Working on a Scaffold Under Westminster Bridge.

LONDON, Nov. 4.—The Globe Friday printed a story of an alleged attempt to blow up the Westminster bridge. In view of the fact that the Globe is a conservative organ and that sensational efforts are being made to secure the release of the Irish political prisoners who are not lacking persons who claim that the Globe's story should be a common grain of salt.

According to the Globe's story, a workman employed to attend the scaffolding on which were placed the temporary scaffold beneath the bridge, found on Wednesday last a large parcel wrapped in brown paper on a ledge of the center buttress.

The workman, thinking that perhaps he had found something valuable, took the parcel into his boat and made an examination.

He was horrified to find that it contained a conical iron bomb, weighing about seven pounds.

In the inside of the bomb was a hole, through which the workman saw that the bomb contained a substance with which he was not familiar.

The workman had a bucket in his boat. This he filled with water, and then immersed the bomb in it. The bomb was taken to Scotland Yard.

The officials there were thrown into a state of consternation when they heard the workman's story, and immediately jumped to the conclusion that there was to be a repetition of the dynamite outrages that terrorized London some years ago.

The bomb, still in the water bucket, was placed out doors, and several detectives were detailed to guard it. The inspector of explosives was at once notified.

He took charge of the bomb to examine its contents. Since then nothing has been heard of the bomb.

Those who are in favor of releasing the Irish political prisoners, sneered at the Globe's story.

The story of the discovery of the bomb caused somewhat of a sensation when it became generally known.

During the dinner hour of the workmen and others in the vicinity of the great bridge, large crowds gathered and gazed at the buttress where the bomb was found and commented upon the effect of an explosion there. The bomb was nine inches long and four in diameter.

BRAZIL TRADE.

Much of It Lost to North American Merchants.

WASHINGTON, Nov. 4.—While no precise figures can be obtained from the bureau of statistics as to the Brazilian trade, as exports are principally classified by products by country, the countries, South and Central America being generally lumped together, the fact is being made broadly apparent that a very considerable interruption of commercial intercourse is being occasioned by the revolutionary movement of Almirante Melha.

The coffee import trade of the United States largely center in Baltimore, and has Rio for its chief source of supply. There has also been a large export trade in flour and other provisions from Brazil from that port. Friday morning's Baltimore American, speaking on this subject, says:

"Baltimore's commercial interests in Brazil have suffered much during the rebellion by the blockade of the port of Rio. Baltimore sends to that country annually a large amount of flour, hog products, and other provisions, along with manufactured articles. All this trade has been crippled by the revolution. Thursday for the first time in some weeks the sale was made of 1,500 barrels of flour for shipment to Rio. This will be promptly sent away, and if it can be landed without trouble, will command a good figure, as prices for provisions are very high in Brazil and will go even higher should the revolution continue."

"The result of this venture will be watched with interest by merchants who have been trading with this South American republic."

New York, Nov. 4.—The Tribune says: "Recently a number of persons have been reported to the fact that President Peixoto, of Brazil, is organizing here to fight his rebellious admiral. The latest purchase reported is that of the submarine torpedo boat Peacemaker. This boat was designed and built in 1881 by John P. Holland. The operator, but the door had always been locked and they could not obtain an entrance. Finally they tried the last time and could not get in until John Kennedy placed his gun to the window and fired. They then climbed in the window and robbed the station and left."

IN A GOOD CAUSE.

New York Artists Give a Benefit for Suffering Southerners.

New York, Nov. 4.—The monster entertainment that was given in the Imperial music hall Friday afternoon for the benefit of the Southern Relief (Ga.) and sea island sufferers was one of the most notable benefit entertainments ever given in New York. Dignity Bell, who is now under the management of Mr. Loderer, supplied one of the numbers of the programme. Lillian Russell sang. The citizens committee, the secretary of which is Dr. Jenkins, health officer of the port of New York, co-operated in the work. Francis Wilson, Richard Mansfield and C. C. Sothern also appeared.

Taught Them a Lesson.

LONDON, Nov. 4.—The Spanish embassy here has dispatched a dispatch from Madrid, the substance of which is that since the severe punishment which Mr. Marcella inflicted on the Moors on October 31 as ordered by the Associated Press, the latter have disappeared from the sight of the officers in command of the garrisons of the different forts.

ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than they should. Evidence of this fact is growing daily. "Wasting away," "Disease," "consequence of life," "neglect," "abuse," "want," "Dr. Stephen Smith, on the same subject, "Man is born to health and long life; disease is unnatural, death, except from old age, is accidental, and both are preventable by human agencies. This is almost invariably true of death resulting from heart disease, "shortness of breath, palpitation, irritability, use of tea, coffee, alcohol, or other stimulants are generally the causes of this difficulty, and indifference to its progress results in sudden death, or long sickness ending in death. By the newspapers it can be seen that many prominent and hundreds of persons in private life die from heart disease every day."

If you have any of the following symptoms: "Shortness of breath, palpitation, irritability, use of tea, coffee, alcohol, or other stimulants are generally the causes of this difficulty, and indifference to its progress results in sudden death, or long sickness ending in death. By the newspapers it can be seen that many prominent and hundreds of persons in private life die from heart disease every day."

For over 20 years Dr. Franklin Miles, the eminent specialist, has made a profound study of heart disease, its causes and cure, and many of the healing discoveries in this direction are due to him. His New Heart Cure is absolutely the only reliable remedy for the cure of heart disease, as it is proved by the cure of testimonials from grateful persons who have used it.

Dr. Miles' New Heart Cure is sold by druggists on a positive guarantee, or by Dr. Miles' Medical Co., Little Rock, Ark. It is sold by mail, six for \$2, express prepaid. It is put up in bottles of 12, 24, 36, 48, 60, 72, 84, 96, 108, 120, 144, 168, 192, 216, 240, 264, 288, 312, 336, 360, 384, 408, 432, 456, 480, 504, 528, 552, 576, 600, 624, 648, 672, 696, 720, 744, 768, 792, 816, 840, 864, 888, 912, 936, 960, 984, 1008, 1032, 1056, 1080, 1104, 1128, 1152, 1176, 1200, 1224, 1248, 1272, 1296, 1320, 1344, 1368, 1392, 1416, 1440, 1464, 1488, 1512, 1536, 1560, 1584, 1608, 1632, 1656, 1680, 1704, 1728, 1752, 1776, 1800, 1824, 1848, 1872, 1896, 1920, 1944, 1968, 1992, 2016, 2040, 2064, 2088, 2112, 2136, 2160, 2184, 2208, 2232, 2256, 2280, 2304, 2328, 2352, 2376, 2400, 2424, 2448, 2472, 2496, 2520, 2544, 2568, 2592, 2616, 2640, 2664, 2688, 2712, 2736, 2760, 2784, 2808, 2832, 2856, 2880, 2904, 2928, 2952, 2976, 3000, 3024, 3048, 3072, 3096, 3120, 3144, 3168, 3192, 3216, 3240, 3264, 3288, 3312, 3336, 3360, 3384, 3408, 3432, 3456, 3480, 3504, 3528, 3552, 3576, 3600, 3624, 3648, 3672, 3696, 3720, 3744, 3768, 3792, 3816, 3840, 3864, 3888, 3912, 3936, 3960, 3984, 4008, 4032, 4056, 4080, 4104, 4128, 4152, 4176, 4200, 4224, 4248, 4272, 4296, 4320, 4344, 4368, 4392, 4416, 4440, 4464, 4488, 4512, 4536, 4560, 4584, 4608, 4632, 4656, 4680, 4704, 4728, 4752, 4776, 4800, 4824, 4848, 4872, 4896, 4920, 4944, 4968, 4992, 5016, 5040, 5064, 5088, 5112, 5136, 5160, 5184, 5208, 5232, 5256, 5280, 5304, 5328, 5352, 5376, 5400, 5424, 5448, 5472, 5496, 5520, 5544, 5568, 5592, 5616, 5640, 5664, 5688, 5712, 5736, 5760, 5784, 5808, 5832, 5856, 5880, 5904, 5928, 5952, 5976, 6000, 6024, 6048, 6072, 6096, 6120, 6144, 6168, 6192, 6216, 6240, 6264, 6288, 6312, 6336, 6360, 6384, 6408, 6432, 6456, 6480, 6504, 6528, 6552, 6576, 6600, 6624, 6648, 6672, 6696, 6720, 6744, 6768, 6792, 6816, 6840, 6864, 6888, 6912, 6936, 6960, 6984, 7008, 7032, 7056, 7080, 7104, 7128, 7152, 7176, 7200, 7224, 7248, 7272, 7296, 7320, 7344, 7368, 7392, 7416, 7440, 7464, 7488, 7512, 7536, 7560, 7584, 7608, 7632, 7656, 7680, 7704, 7728, 7752, 7776, 7800, 7824, 7848, 7872, 7896, 7920, 7944, 7968, 7992, 8016, 8040, 8064, 8088, 8112, 8136, 8160, 8184, 8208, 8232, 8256, 8280, 8304, 8328, 8352, 8376, 8400, 8424, 8448, 8472, 8496, 8520, 8544, 8568, 8592, 8616, 8640, 8664, 8688, 8712, 8736, 8760, 8784, 8808, 8832, 8856, 8880, 8904, 8928, 8952, 8976, 9000, 9024, 9048, 9072, 9096, 9120, 9144, 9168, 9192, 9216, 9240, 9264, 9288, 9312, 9336, 9360, 9384, 9408, 9432, 9456, 9480, 9504, 9528, 9552, 9576, 9600, 9624, 9648, 9672, 9696, 9720, 9744, 9768, 9792, 9816, 9840, 9864, 9888, 9912, 9936, 9960, 9984, 10000.

ONE OF THOUSANDS.

CHRISTIAN, Ill., Nov. 4.—Roy Longwell, who was serving a six months sentence in the county jail, made his escape about ten days ago, has returned to the jail. He says after his escape he went to Chicago. After passing the night at the World's fair he returned to serve out his term.

TRAIN ROBBERS TRAPPED.

One of Them Shot and Another Captured on an Express Car near Knoxville.

KNOXVILLE, Tenn., Nov. 4.—An attempt was made Friday night at Coal Creek water-tank, thirty miles north of here, to rob the express car of passenger train No. 15, Capt. Brown conductor, which was bound for Knoxville to Louisville, Ky., over the East Tennessee, Virginia and Georgia, and the Louisville and Nashville railways. The robbers were anticipated, and there were on board the train Capt. J. J. Atkins, chief of the police of this city; V. Spaulding, general superintendent of the Southern Express Co., of Roanoke, Va., and N. S. Woodward, local route agent, of Knoxville. When the train stopped for water four men jumped on the platform of the express car, heavily armed, and commanded the messenger to open the door. This was done, but instead of the one messenger, who would be robbers were covered by half a dozen pistols.

Firing in rapid succession from both sides commenced when the robbers tried to escape. Two were captured, however. One was mortally wounded. He was identified as James Smith, of this city, a tough character. The other was an express messenger, name unknown. The other two robbers escaped. It is supposed to have been considerable money and other valuables in the express car.

Chief of Police Atkins was shot in the left arm and slightly injured. Officer Irwin received slight flesh wounds on the head and right hand. The injured men were all brought here at 2 o'clock.

THANKSGIVING.

The President Sets Apart Thursday, November 30, in His Proclamation.

WASHINGTON, Nov. 4.—The president, Friday, issued the following thanksgiving proclamation.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA—A Proclamation.

While the American people should every day remember with praise and thanksgiving the divine goodness and mercy which have guided them since their beginning as a nation, it is fitting that one day each year should be especially devoted to the contemplation of the blessing we have received from the hand of God, and to the grateful acknowledgment of His loving kindness.

Therefore I, Grover Cleveland, president of the United States, do hereby designate and set apart Thursday, the 30th day of the present month of November, as a day of thanksgiving and praise to be kept and observed by all the people of our land. On that day let us forgo our ordinary work and employment and assemble in our usual places of worship where we may receive the aid and inspiration for the work of the year.

And let us, in our social meetings of friends lend cheer and enjoyment to the duty, and let generous gifts of charity for the relief of the poor and needy prove the sincerity of our thanksgiving.

GROVER CLEVELAND.

By the president: WALTER Q. GRESHAM, sec'y of state.

Oldest Postmistress.

WOOSTER, O., Nov. 4.—Golden Corners, this county, lays claim to having the oldest postmistress in the land of service in the country. The lady is Mrs. F. J. Felt, who has been postmistress of the village post office for 37 years, having been appointed in 1856. Although an old woman, she is still able to attend to all of the duties of the office.

Jersey Disfranchises 235 Corporations.

TRENTON, N. J., Nov. 4.—Gov. Werts has issued a proclamation annulling the charter of 235 corporations, which are operating in all parts of the United States under the New Jersey corporation laws. These charters have been annulled because the taxes assessed on their stock have not been paid for two years.

One Crank Killed Himself.

STERLING, Ill., Nov. 4.—A worthless crank, who was visiting the store of W. E. Criss, who also has a post office in this city, the wound is a painful one. He was shot by Criss, who was in the shooting. Hale secured a rope, went to the barn and hanged himself.

Burglars in a Post Office.
